ROCK DISCLAIMER AND INFO:

Sizes are approximate and based on quarry description and approximate length or width of material. There will be rocks smaller and larger than stated size, particularly with river rock, due to screening process at vendor's quarry. Rock is a natural resource, and as such, there can be color variation depending on where the quarry is mining. Additionally, any dirt/fines in rock are from quarry during the mining process, and Rocky Top is not responsible for dirt/fines in loads.
